Both lead roles in Gopi Galla Goa Trip belong to a Gopi. Raju Shivaratri played one of them with the unforced ease of someone who has never not been himself on camera.

ABOUT

Raju Shivaratri is an actor whose presence on screen is deceptively effortless — the kind of naturalism that takes real discipline to develop. He came up through the Avanti Cinema ecosystem, appearing alongside the core creative team before landing his breakthrough lead role.

In Double Engine (2024, dir. Rohit Penumatsa), he showed he could carry a feature film. In Gopi Galla Goa Trip (2025), he proved it beyond any doubt. Playing one of the two Gopis — lifelong friends from a Gadwal village chasing a dream of seeing Goa — his performance was cited by critics as a key reason the film worked as well as it did. The Hans India described the film's coming-of-age spirit as 'emotionally honest,' with Raju's work central to that feeling.
