

FOLK SINGER · NALGONDA TRADITION

Nalgonda Gaddar Narsanna

A voice that belongs to the land. When Narsanna sings, it's not a performance — it's a people speaking through one throat. His songs played across rally grounds and village squares throughout both Telugu states during the 2023 elections, and the ground shook either way.

ABOUT

Nalgonda Gaddar Narsanna carries one of the most storied folk traditions of the Telugu-speaking world. His music is rooted in the Gaddar legacy — political, visceral, community-forged — yet distinctly his own. He doesn't just sing songs. He gives language to things people feel but can't articulate.

MC's relationship with Narsanna began in late 2021. We were introduced to him through a mutual connection in the Hyderabad cultural circuit, and we were immediately struck — not just by his voice, but by the weight he carries when he performs. He has an instinctive understanding of what a room needs, and the authority to deliver it.
